## Add Detail Service Company:

The screenshot shows a web browser window with the address bar displaying 'crispy-enigma-5g56j9645pvqc4rj5-40619.app.github.dev'. The browser has several tabs open, including '.env.example', 'create\_service', 'Vista Compan', 'MySQL | Railw', 'Full\_Stack\_Tec', 'Vista Summe', and 'Frontend - G'. The page title is 'Add Service'. The form contains the following fields:

- Select Company:** A dropdown menu with 'Vista Company' selected.
- Service Name:** A text input field containing 'Internet of Things system'.
- Description:** A text input field containing 'Building IoT and develop system'.
- Price:** A text input field containing '4500'.

Below the form fields is a green 'Save' button. The Windows taskbar at the bottom shows the time as 9:38 AM on 6/8/2025.

## Error:

The screenshot shows the same web browser window as above, but the form fields now contain invalid data and show validation errors:

- Select Company:** A dropdown menu with 'Vista Company' selected.
- Service Name:** A text input field containing 'Internet of Things system'.
- Description:** A text input field containing 'Description'. Below the field is a red error message: 'Please enter description'.
- Price:** A text input field containing 'asdasd'. Below the field is a red error message: 'Only numbers are allowed'.

Below the form fields is a green 'Save' button. The Windows taskbar at the bottom shows the time as 9:36 AM on 6/8/2025.
